Revolutionary PEMF Therapy

(Pulsed Electromagnetic Field Therapy)

*Experience the same technology used by
NASA to support astronaut health!*

Proven Benefits Include:

- Dramatic reduction in pain & inflammation (back, joints, arthritis, fibromyalgia)
- Faster healing of injuries, fractures, fractures, and post-surgery recovery
- Deeper, restorative sleep
- Increased energy and stamina all day long
- Improved circulation and oxygenation of tissues
- Stronger immune function
- Reduced stress and anxiety
- Enhanced detoxification and cellular repair
- Better nutrient absorption and waste elimination

PEMF recharges your cells like a battery — restoring the natural electrical voltage your cells need to thrive!

GB-4000 with Plasma Tube

(Authentic Rife Frequency Technology)

The most powerful and versatile Rife-style instrument available today

Why People Are Choosing the GB-4000:

- Runs up to 8 frequencies simultaneously (most units only do 1 or 2)
- True 20+ watt output with plasma tube — far superior to cheap contact or LED devices
- Over 1,800 pre-programmed sequences for hundreds of conditions
- Custom frequency input capability — stay current with the latest research
- Used for Lyme, infections, parasites, mold toxicity, viruses, chronic fatigue, autoimmune, and more
- Non-invasive, drug-free, and no negative side effects when used properly

Thousands worldwide report remarkable improvements with conditions that traditional medicine couldn't resolve.
